WITHDRAWN: Germline testing of patients with non-small cell lung cancers demonstrating incidentally uncovered BRCA2 apparent pathogenic germline variants

Steven Sorscher

PII: S1525-7304(21)00303-X
DOI: <https://doi.org/10.1016/j.clcc.2021.12.007>
Reference: CLLC 1437

To appear in: *Clinical Lung Cancer*

Received date: Nov 20, 2021

Accepted date: Dec 17, 2021

Please cite this article as: Steven Sorscher , WITHDRAWN: Germline testing of patients with non-small cell lung cancers demonstrating incidentally uncovered BRCA2 apparent pathogenic germline variants, *Clinical Lung Cancer* (2021), doi: <https://doi.org/10.1016/j.clcc.2021.12.007>

This is a PDF file of an article that has undergone enhancements after acceptance, such as the addition of a cover page and metadata, and formatting for readability, but it is not yet the definitive version of record. This version will undergo additional copyediting, typesetting and review before it is published in its final form, but we are providing this version to give early visibility of the article. Please note that, during the production process, errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
